

Greetings YMCA Families!

Thank you for registering your child for Youth Sports here at Raritan Valley YMCA.

Our Youth Sports Program helps children become not only better players but better people as well. It's a progressive program with multiple age-specific levels.

Our ultimate goal is to create excitement and interest while providing skills so that children will gain a life-long love of learning, fitness, and physical activity.

In regard to the current class settings:

*** Spectator Guidelines for our Youth Sports Classes are Subject to Change at Any Time ***

- Parents/Guardians can stay and watch the class at our instructor's discretion. If permitted, please sit/stand off to the side quietly and let our instructor teach the class.
- **If you are permitted to stay and watch and bring other children who are not registered for the class, please ensure they are not running around or playing with any equipment while the class is in session.**
- It is preferred that all children bring a water bottle with them. If they do not have one for any reason, children can use our water fountain.
- If possible, please try to arrive approximately 5-10 minutes before the scheduled class time and 5-10 minutes before the class is scheduled to end.
- Pick-up will take place at the outside entrance of the gymnasium.

Again, thank you for your participation in YMCA Sports! We are very excited and take pride in building our youth into future leaders!

Yours Truly,

YMCA LEADERSHIP STAFF
