

Greetings YMCA Families!

Thank you for registering your child for Youth Sports here at Raritan Valley YMCA.

Our Youth Sports Program helps children become not only better players, but better people as well. It's a progressive program, with multiple age-specific levels.

Our ultimate goal is to create excitement and interest while providing skills so that children will gain a life-long love of learning, fitness, and physical activity.

In regard to the current class settings*:

1. Temperatures will be completed for the children upon arrival in Lobby Area.
2. Children will then be escorted to the gymnasium by a YMCA Staff member.
3. In order to ensure the safety of all parties involved in the YMCA Sports programs – **ONLY one spectator will be allowed in the gymnasium, if needed.**
4. Pick-up will take place at the outside entrance of the Gymnasium.
5. If athletes have their own ball, please have them bring it. If not, no need to be alarmed because the YMCA will have enough equipment.
6. Masks will NOT BE REQUIRED during drills or athletic training but please make sure they have one when they ARRIVE & EXIT the facility.
7. Please make sure that all children bring a water bottle with them!

*** Class settings are subject to change at any time as we continue to monitor and make changes due to the ongoing pandemic.**

Again, thank you for your participation in YMCA sports!

We are very excited to and take pride in building our youth into future leaders.

Yours Truly,

YMCA LEADERSHIP STAFF
